

mango¹⁰ Vitamin Shower Filter

Mango10 Vitamin Shower Filter is a filter product which can be used with connection with shower head or faucet. It is new concept filter product which helps to use normal tap water with safety as well as skin moisturizing and anti-aging effect.

Vitamin Shower Filter

Residual Chlorine Removal

Taking a shower with the water including harmful substances is much dangerous than drinking that water. (reported by ACS, American Chemical Society) Atopic eczema, pimple, xeroderma would be occurred by using the water including harmful substances. Vitamin Shower Filter is remarkably eliminating residual chlorine in the tap water rather than chlorine balls and carbon.

Skin Moisturizing Effect

Mango10 Vitamin Shower Filter contains edible moisturizer and milk power which help skin moisturizing. It is very good for reduction of skin tightening after shower in the winter season.

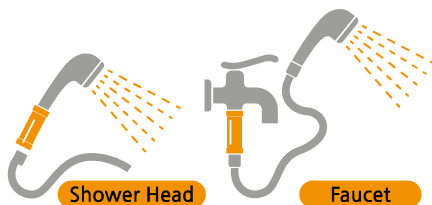

Anti-aging Effect

Vitamin C in the filter is commonly used for the ingredient of cosmetic products because of remarkable antioxidation effect. Due to antioxidation effect, anti-aging, skin elasticity, whitening, nutrition supply would be possible to the skin.

Aroma Therapy

Lemon, Grapefruit, Peach, Apple Mango Scents are currently available. Other scents such as Lavender, Freesia, Rose, Strawberry, etc. would be applied after pre-discussion.
