Specification

Total capacity : 10L	Filtered water : 9.5L		
Life Time	250L ~ 300L		
Water bag material	PVC sheet		
UF Filter material	Polysulfone		
Carbon Filter material	GAC coconut 12×40		
Residue filter material	PP		
Housing material	PP		
Initial Flux	100mL/min~		
Filter Type	Hollow fiber UF		
O-ring	NBR		
Water bag size	W300 × L600 mm		
Filter Housing size	D64 × L175 mm		
Product weight	460 g		
Packing	L × W×H [cm]	Unit/Pack	Cross Weight [kg]
Product pack:	40×13×8	1	0.5
Shipping carton:	63×34×52	54	30
Container loading	PCS		
Q'ty/20"	10,000		
Q'ty/40"	20,000
